VersaTOOL

BPH • Bristle • Flap-Wheel

The Versatile VersaTOOL

The Desco VersaTool is a surface cleaning power tool engineered to use interchangeable abrasive hubs.

- Designed for coating, rust and corrosion removal without removing base metal.
- Brings bench tool cleaning power to a hand held format.
- Available in pneumatic and electric models.

Abrasive Options

Abrasive	Description
	Flap Wheel <ul style="list-style-type: none"> • Coated abrasive flap wheel combines efficient cleaning with long abrasive life. • Self-sharpening – a sharp new cutting edge is constantly exposed as the leading edge of the abrasive wears away. • Slotted flap design conforms to irregular shapes. • Excels at pipe exterior as well as interior of 8" and larger pipes. • Leaves a 1 – 1.5 mil profile.
	Bristle <ul style="list-style-type: none"> • Non-metallic abrasive consists of plastic bristles infused with abrasive grit. Available in 36, 50 and 80 grit. • Wire wheel-like results without risk of wire filament loss. • Conforms to irregular shapes, penetrates grooves and pitting. • Excels at hand rails, bolts, welds and other irregular surfaces. • Leaves a 1 mil profile.
	BPH <ul style="list-style-type: none"> • Non-woven abrasive designed for removal of coatings, rust and corrosion. Open weave minimizes abrasive load up. • Achieves the cleanliness standard for SSPC SP-11. • Excels at cleaning rusted and pitted metal. • Great for weld preparation and weld inspection. • Optional dust shroud is available with 6in disc.

Configurations

Part	Description
170.184	VersaTOOL System , pneumatic, comes with 3 hubs w/abrasives: 1) BPH hub w/7" wheel, 2) Bristle hub w/50 grit bristle load and, 3) Flap hub w/40 grit flap wheel. Includes "Whip assembly" filter/lubricator, oil bottle and non-corrosive carrying case.
170.181	VersaTOOL , pneumatic, includes BPH hub w/7" wheel.
170.182	VersaTOOL , pneumatic, includes Bristle hub w/50 grit bristle load.
170.183	VersaTOOL , pneumatic, includes Flap Wheel Hub with 40 grit flap load.
