55 Gallon Drum
(777.7375)

275 Gallon Drum
(777.3353)

Impact Tools

Super Blast Off® is the jet action safety cleaner and degreaser with unlimited uses, and expressly developed for safely cleaning any cleanable surface.

Super Blast Off® safely removes grease, wax, gum, oil, ink, mildew, carbon, running rust and other difficult soils from any surface not harmed by water.

Super Blast Off® is an AMPHOLYTIC detergent manufactured using the most recent scientific technology. It is a water-dilutable product that works on many applications previously requiring hazardous, flammable and ozone depleting solvents. It replaces caustics, abrasives and ammonia bases cleaners. It is Non-Toxic, Non-Flammable and Non-Corrosive. When directions are followed Super Blast Off® is totally safe on any surface and is unbelievably fast acting.

Super Blast Off® is sold throughout the world to Governments, military facilities, prisons, airlines, heavy industries, garages, machine shops, hospitals, restaurants and hundreds of other types of businesses. Ask our sales representative for a Product Data Sheet.

Dilution Ratios

SUPER BLAST-OFF® is fully concentrated and some of its many uses with dilution are listed below. ALL NUMBERS shown are amounts of water to be mixed with only one part SUPER BLAST-OFF®. NOTE: When using a high pressure washer or steam cleaning, the dilution may be increased up to 200 parts of water.

Building Maintenance

Floors & Walls	30/50:1
Carpet spotting	10:1
Fiberglass	20:1
Concrete (greasy)	10:1
Tile & porcelain	30:1
